

Patrons of the Post Falls School District,

Thank you so much for your continued support of student programming and facility development in our district. We are very fortunate to live in a community that cares deeply about its children and the future. The district is very thankful to have 73% of voters approve our Bond and Supplemental Levy requests. This approval will help the district continue to improve and provide the best possible educational opportunities.

We are excited to move forward with the construction of our new elementary school and our remodel/enhancement projects. As you recall, the new school is scheduled to be open for students in the fall of 2020, and the remodel projects will take place over a minimum of three summers. There will be a limited number of remodel projects this summer because of the short timeline to design and bid the enhancements. The majority of the remodel projects will take place during the summer of 2020 and 2021. Below are some tentative timelines related to bond construction projects:

April-May 2019- Bids will be awarded for the construction of the new elementary school and some summer remodel projects.

June 2019- Construction begins for new elementary school and remodel projects.

August-September 2019- Completion of summer remodel projects.

Fall-Winter 2019-2020- Principal selected for new school.

Fall-Winter 2019-2020- Process for changing elementary school attendance boundaries finalized.

Winter-Spring 2020- Elementary attendance boundaries revision completed.

Spring 2020- New school named.

June-August 2020- Second round of remodel projects are completed.

August 2020- Construction of new school completed. District moves into new school.

September 2020- New elementary school opens for students.

June-August 2021- Third round of remodel projects are completed.

Once again, thank you very much for your support of the Post Falls School District.
