POST FALLS SCHOOL DISTRICT NO. 273

Series 500: Student Policy: Admission

Policy No. 502.3

Policy Title: Student Enrollment Options

Page 1 of 2

Both Post Falls School District resident and non-resident students may apply for attendance in Post Falls schools pursuant to the enrollment options program as provided by district policies. A non-resident student (out-of-district student) is one attending schools in a district other than his/her home district. A resident student is one attending school in his/her home district.

A student's residence is that of his/her parent or guardian, providing, however, that the residence of a student between the ages of 18 and 21 is determined by the actual bona fide residence of the student without regard to the residency of his/her parent or guardian.

A Post Falls School District resident student (resident student) may request a transfer to another school within the Post Falls School District. The requesting resident student may be accepted for attendance at another school within the district when the acceptance would not work a hardship on the Post Falls School District and when the acceptance would meet the standards and guidelines set out in district policies.

A non-resident student may be accepted for attendance in the Post Falls schools under the enrollments option program described in I.C. 33-1402, where tuition would be paid by the home district as described in I.C. 33-1404, when the acceptance would not work a hardship on the Post Falls School District and when the acceptance would meet the standards and guidelines set out in district policies.

A hardship is worked on the district when the acceptance of the resident or non-resident student for admission to the Post Falls schools, as in the case of the non-resident student, or for admission to another school within the district, as in the case of the resident student, would, in the judgment of the Superintendent or his/her designee, cause the applicable class, program, grade level or school building to exceed or violate at any time within the applicable school year, limits or criteria set by the State Board of Education Rules and Regulations for Public Schools K-12, the Standards for Accreditation of K-12 schools (published by Commission on Schools, Northwest Association of Schools and Colleges) or require the district to add or alter equipment or facilities, to add personnel or

extend hours of work of any personnel, or substantially diminish other enrolled students' proportional share of the funds allocated to the district. The Superintendent or his/her designee shall consider current and future enrollment and capacity of the applicable class, program, grade level or school building of the proposed admission/ transfer of the student.

Priority for admission to the Post Falls schools shall be given in the order as follows:

1. All in-district students and all those out-of-district students who were enrolled and in attendance in Post Falls schools on June 1, 1993 providing the out-of-district student remains in continuous attendance in Post Falls schools;
2. Out-of-district students who are placed by court order under provisions of the Idaho Youth Rehabilitation or Child Protective Acts and reside in licensed group homes, agencies and institutions located within the Post Falls School District;
3. Homeless children and youth as defined by the Stewart B. McKinney Homeless Assistance Act (P.L. 100-77) when it is determined to be in the best interests of that child;
4. Bona fide foreign exchange students;
5. Out-of-district students who are enrolled and in attendance in the Post Falls schools at the time the application required in I.C. 33-1402 is submitted.
6. Out-of-district students included in district-to-district agreements wherein the sending school contracts with the Post Falls School District to educate specific individuals or groups;
7. Out-of-district students whose parents are employed by the Post Falls School District;
8. Other out-of-district students.

The non-resident student, or his/her parent or guardian, shall be responsible for transporting the student to and from the school if the requested admission or transfer is granted. The resident student, or his/her parent or guardian, shall be responsible for transporting the student to and from an appropriate bus stop.

No out-of-district student shall be admitted to Post Falls schools when such student has been suspended from or expelled from another school district or is under suspension, expulsion or other disciplinary proceedings in another school district. The application of a resident student for transfer to another school within the district may be rejected when such student has been suspended or expelled from school or is under suspension, expulsion or other disciplinary proceedings.

An out-of-district student who applies and is accepted for admission to the Post Falls schools, but who fails to attend, shall be ineligible to again apply for an enrollment option in the Post Falls schools unless one or more of the standards set

out in Items 1 through 4 above are applicable as determined by the Superintendent or his/her designee.

The provisions set out in Items 2 and 3 on Page 1, as well as all other provisions set out herein, are not intended to and shall not prohibit the Board of Trustees from prescribing non-discriminatory preconditions or standards for admission where necessary to protect the health, safety and welfare of its existing students and/or to protect its educational process.
