McKINNEY-VENTO HOMELESS EDUCATION ASSISTANCE IMPROVEMENTS ACT

Students who are living in emergency, temporary and/or transitional housing situations have the right to the same public education (including preschool) that other children are provided.

State agencies are required to make it easier for students living in unstable housing situations to enroll in and benefit from school.

A student cannot be denied enrollment in school simply because he/she is living in emergency, temporary and/or transitional housing situations.

Students who are precariously housed will be given the same educational materials and services that other students receive.
